

i. any party seeking relief shall file with the Court no later than 1:00 p.m. a letter, not to exceed three (3) pages, outlining the issues in dispute and its position on those issues; or

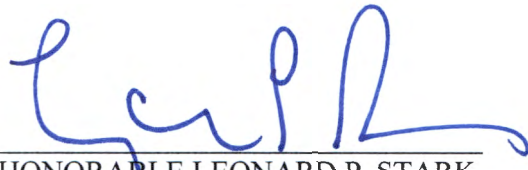

ii. if no party seeks relief, the parties shall file with the Court no later than 1:00 p.m. a joint letter advising the Court that no conference is needed.

b. Two (2) days prior to each of the Standing Conferences (i.e., on November 17, December 1, December 15, and December 28, respectively), any party opposing an application for relief may file a letter, not to exceed three (3) pages, outlining that party's reasons for its opposition.

c. Courtesy copies of the parties' letters shall be emailed to the Court as soon as possible after filing.

d. The Court may cancel any of the Standing Conferences after reviewing the parties' letter submissions.

3. The Court finds the above-described procedures, although unusual, are warranted, due to the high degree of litigiousness demonstrated by the parties and the need to keep this case on track for an expedited trial.

HONORABLE LEONARD P. STARK
UNITED STATES DISTRICT JUDGE
